FOR NATIONAL BODIES, ASSOCIATIONS AND NETWORKS

ONE CALENDAR FOR EVERY CLUB IN YOUR NETWORK

Events.Aero is the global hub where pilots and aviation fans look for events, from grass-strip barbecues to air shows. Put your members' fly-ins, competitions and open days in front of them, at no cost to you or your clubs.

6,256

airfields and venues listed

WHAT YOUR NETWORK GETS

Found where aviators look

Every member club's events in one global directory, searched by type, date and place.

Your calendar on your website

One line of code shows your upcoming events on your own site, and it keeps itself up to date.

Posters and calendars

Every listing has a printable poster with a QR code, and visitors add it to their calendar in a tap.

Free RSVP

One attendee list per event, a cap when space is tight, and fly-in arrivals with PPR notes and registrations. Free for organisers and guests.

Run by the clubs themselves

Clubs claim their listings free, edit the dates, details and photos, and their events show as coming from them.

Checked, then trusted

A person checks a new organiser's listings before they go live. Once you're verified, your updates go live straight away.
